

Hospitalists Now Inc. Changes Name to HNI Healthcare

AUSTIN, TEXAS, October 2, 2015 – Hospitalists Now, Inc., a nationally recognized hospital-based practice management company, announced today that it is changing its name to HNI Healthcare (HNI), effective today. This change reflects the expansion of HNI Healthcare’s service offering to include Critical Care, Emergency Medicine and Anesthesia.

HNI Healthcare provides physicians to acute care hospitals, post-acute care facilities and payors for the express purpose of managing the patient’s facility-based episode of care in a more efficient, cost-effective and clinically integrated way.

About HNI Healthcare (HNI)

HNI Healthcare is a technology-enabled physician practice management company focused on the delivery of full-service facility-based physician programs to improve the quality of patient care. The Company’s physicians, processes and technologies enable healthcare facilities to improve key quality and performance metrics through a more clinically integrated care model. HNI is based in Austin, Texas. Visit our website at www.hnihealthcare.com.
